For all drivers who didn't send us the copies of the drivers and competitors licenses, we would ask you to send us these asap please - in order to accelerate all admin checks. Thank you.

We inform you that every entry includes 6 personal tickets and 2 car passes. The organiser allows spectators to the paddock on Saturday and Sunday, the entry ticket costs 6€ / day / person. If you need additional personal passes it costs 10€ / weekend / person or the daily price I mentioned. You can buy them at the race office.

There will be livetiming during the event, you can find it at the following website: <https://chronomoto.hu/en/category/car/circuit-racing/>

We were informed that because of the Hungarian economic situation, there can be refuelling limits in the petrol stations. The closest petrol station (MOL-Hungaroring) allows 100 liters at one time.

Actually NO COVID restrictions are limiting access to the paddock. Therefore we wish you all a safe trip and looking forward to see you all again.
